

LOCKWELL SYSTEMS

Training Summary Thermoset Plastic Polymer

The following is a summary of training required as a prerequisite for different accreditation for all Lockwell affiliates and Lockwell staff. The basic training for new application companies is a 3-4 day full theory and practical training session to get the personnel up to the required levels in order to properly represent the Lockwell Brand. This is separated and combined to suit the staff member's particular job role.

For example: **Sales staff:** Complete Level 1, 4, 6: **QA & ITP Manager:** Complete Level, 1, 3, 4, (6 optional) and 7: **Project Manager:** All levels completed to Level 8 etc.

Training power point presentations are given by Lockwell approved trainers for three different categories:

1. Application
2. Sales and Marketing (product training quantifying)
3. QA & ITP

Lockwell Training Certification accreditation:

- Level 1 Certificate: Induction HSE/Material Handling
- Level 2 Certificate: General application product understanding
- Level 3 Certificate: Equipment Technician
- Level 4 Certificate: Surface Preparation
- Level 5 Certificate: Project Supervisor Certified Spray Tech
- Level 6 Certificate: Product, Physical Properties and Chemistry
- Level 7 Certificate: QA & ITP Inspector/ PM Regional
- Level 8 Certificate: Lockwell Approved International Project Manager
- Level 9 Certificate: Senior Trainer
